DYSPEPSIA.

Is that misery experienced when we suddenly become aware that we possess a disordered stomach?

The stomach is the reservoir from which every fibre and tissue must be nourished.

And any trouble with it is soon felt throughout the whole system.

Among a dozen dyspeptics no two will have the same predominant symptoms.

Some are troubled with flatulence, others with indigestion, others with constipation, others with nervousness, others with general debility.

While the thin and nervous are abandoned to gloomy forebodings, stout dyspeptics are wonderfully forgetful; others have great irritability of temper.

Whatever form dyspepsia may take, one thing is certain.

The underlying cause is in the LIVER.

And one thing more equally certain, no one will remain a dyspeptic who will

It will correct Acidity of the Stomach, Expel foul gases, Alleviate Irritation, Assist Digestion, and, at the same time, Start the Liver to working, when all other troubles soon disappear.

"My wife was a confirmed dyspeptic. Some three years ago she read of Dr. J. C. Williams' Food and found that it was the only thing that would do her any good. She bought a box and tried it, and in a few days she was able to eat and sleep. She has since used it and is now perfectly well."

HOW GIRLS MAY LEARN TO SKATE AND WHAT TO WEAR.

Girls Demand More Pay—The Gains of a Year—The Pinaflore Gown—Gains of a Winter Evening—A Town with City Mothers—A Louisiana Apron.

The modern girl skater better merits the description given her by an old skater, who writes that she went "as swiftly as a bird flying in the air, or an arrow out of a crossbow."

The best skate is one that clings firmly on the heel and fits the edges so tightly it becomes a part of the foot itself. It should be accurately and perfectly steady for skating.

SONOMA, JAN. 24, 1891.

BASALT BLOCKS.

The new Board of Supervisors of the city of San Francisco, we have every reason to believe, will in the course of time smash the bituminous ring which has had for its purpose the driving out of basalt blocks for paving the streets of that city and substituting in their stead bitumen, an inferior paving substance controlled by the above ring, who for the past year have manipulated the "Solid Nine" of the San Francisco Supervisors to help along their money-making scheme at the expense of the city property-owner. If we are correctly informed the new Board are pledged in favor of basalt blocks as being the cheapest and best in the long run. On Thursday last Supervisor Taber, Chairman of the Street Committee, signed a contract for the paving of Montgomery street between California and Clay with basalt blocks on six inches of concrete. This would seem to indicate that bitumen will have to go, in so far as the present Supervisors are concerned. If this be so it means a revival of the basalt block industry of Sonoma in a very short time.

IMPORTANT TO SWEET WINE-MAKERS.

A short time ago Messrs. Kohler & Frohling of Glen Ellen made application to the Commissioner of Internal Revenue at Washington to modify his decision and allow wine-makers to fortify their wines where fermentation had set in, up to the limits of the law. The matter was taken under consideration by the Commissioner and he has decided to grant the request, as the following dispatch received by Collector Byington of Santa Rosa last Tuesday, will show: "Referring to the application of Kohler & Frohling and others to put additional alcohol in wine heretofore fortified by them, you are advised that packages may be opened, fortification continued within the limit allowed by law, and then resealed, remarked and restamped, being particularly careful to keep account of the alcohol so used, and to notify the party that assessments will be made for the same shall it hereafter appear that the additional alcohol was made necessary by their fault or negligence."

SANTA ROSA LETTER.

A Few Stray Shots from the County Seat.

Our new county officers have fallen in the path trodden by the official as rapidly as if they had traveled it all their lives. No visible change can be noted in the workings of the offices where changes were made by the voice of the people through the polls on the fourth of November last. Judge Crawford bears a very judicial look on his genial countenance and Johnny Mulgrew is a very ideal Sheriff. With our Recorder and Auditor, if a stranger were not posted, the chances are, on seeing him emerge from the Hall of Records, he would be taken for a worthy doctor of divinity returning for record the license of marriage for the last ceremony performed.

On the 14th inst. a deputy organizer of the Farmers' Alliance was in this city and, aided by some of the enthusiastic farmers, a meeting was held for the purpose of forming a Sub-Alliance in this place. The success of the meeting was such that on the adjournment twenty-seven signed the charter roll. Judging from the hold the organization is gaining in this county, as well as in the State, they will soon play an important part in the politics of our government.

The educational institutions of this city have reopened after the holiday vacations with larger attendance than the preceding term. Our fair "City of Roses" is one of the centers of learning in this State.

Those noble monuments of architectural skill and artistic workmanship, which is destined to be an ornament to this city at the expense of the tax-payers of the county, the new Hall of Records and County Jail buildings, are progressing very slowly and are anything but an object of beauty on our streets.

It is to be noted with pleasure that the new Board of Supervisors have at least started in upon an economical basis by reducing the salaries of certain attaches of the Court House. By following out this policy they will at least attain a respect in the minds of the tax-paying portion of our community.

The question of forming a fruit growers union, for the purpose of co-operation in the packing and shipping of fruit for the eastern market, is being strongly agitated in this section. An organization of this nature would be of inestimable benefit to the fruit industry of this county, not only in decreasing the expense of shipping and transportation, but by greatly increasing the condition of the home market. The diminution in the quantity left for local consumption, caused by increased facilities for shipping and handling in the East would make a very marked advance in prices in the home market. It would be well for the fruit men of Sonoma Valley, also, to consider this subject ere the season begins and it be too late.

Santa Rosa Jan. 15, 1891.

A Graduate of Medicine.

Being a graduate of a Medical College, I am of course prejudiced against all secret proprietary medicines, but I am compelled to say, after being cured of a violent case of Inflammatory Rheumatism, that S. S. S. is the remedy for that disease. I took S. S. S. after everything else had failed. I had all sorts of treatment with the best physicians. Had the Turkish bath treatment; went to Hot Springs, Ark.; Jacksonville, Fla.; Colorado Springs, and to California; but no relief. Then I started home, tired and worn, disgusted with medicines, a friend persuaded me to take S. S. S. and I did it more to gratify him than from any hope of cure, and the first bottle put me far on the road to permanent cure. I continued it until I am sound and well. GEO. B. San Francisco and North Pacific Railway.

The annual meeting of the San Francisco and North Pacific was held Tuesday. The report of the company shows that last year was the most prosperous since the opening of any portion of the lines operated. Full details of the expenses, earnings and profits will be issued in the regular report now in course of preparation. The election of directors resulted as follows: John F. Burgin, Peter J. McGlynn, P. N. Lilienthal, Alfred L. Seligman, H. T. Scott, Charles F. Hanlon and Russell J. Wilson. Subsequently the Board made the following appointments: President, John F. Burgin; vice-president, Philip N. Lilienthal; treasurer, Alfred Seligman; secretary, Thomas Mellich; general manager, H. C. Whiting; general passenger agent, P. J. McGlynn; general freight agent, W. Menton; assistant general freight and passenger agent, W. J. McMullin, and general counsel Charles F. Hanlon. The meeting was of a most amicable nature, and the continued prosperity of the company is assured. At the close of the meeting Attorney Hanlon proposed, on behalf of the executors, the health of the New York parties interested in the road, namely, J. and W. Seligman & Co. and Ladenburg, Thelma & Co.

SCROFULA.

Is that lumpiness of the blood which produces unsightly lumps or swellings in the neck; which causes running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or "humors," which, fastening upon the lungs, causes consumption and death. It is the most ancient and all diseases, and very few persons are entirely free from it.

How Can It Be CURED.

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, has proven itself to be a potent and peculiar medicine for this disease. If you suffer from scrofula, try Hood's Sarsaparilla. "Every spring my wife and children have been troubled with scrofula, my little boy, three years old, being a terrible sufferer. Last spring he was one mass of sores from head to foot. We took Hood's Sarsaparilla, and all have been cured of the scrofula. My little boy is entirely free from sores, and all four of my children look bright and healthy." W. B. ARMISTEAD, Passaic City, N. J.

If You Had a Friend

About to visit some section of country where malarial disease, either in the form of chills and fevers or bilious remittent was particularly rife, what would be about the best advice you could give him? We will tell you—to carry along, or procure on arriving, that potent medicinal safeguard, Hostetter's Stomach-Bitters. Known throughout malarial regions, here and in other countries, as the surest means of dispelling the miasmatic source, and robbing it of its fell destructive influence. Not only does it fortify the system by increasing its stamina, but overcomes irregularity of digestion, the liver and the bowels, and counteracts the unfavorable effects of over-exposure, bodily and mental exposure in rough weather, or occupation too sedentary or laborious, loss of appetite and excessive nervousness. The functions of assimilation, bilious secretion and sleep have in it a most powerful and reliable auxiliary.

Fireman's Fund Insurance Company

Of San Francisco, the largest California Fire Insurance in existence. Also, the

Hartford Fire Insurance Co. Of Hartford, one of the largest and best of standard Eastern Fire Companies.

As these companies possess assets of over

\$23,000,000.00

I am in a position to offer unquestionable protection against loss by fire to property owners desiring reliable indemnity at current rates.

The record of these sterling companies for prompt and equitable settlement of their losses is well known throughout Sonoma county and requires no endorsement from me.

The business placed on the books of the companies by their late respected agent

MR. JOHN TIVNEN will receive careful attention at my hands on expiration, and a renewal of the same is respectfully solicited.

D. H. TWING.

Sonoma, Cal., Nov. 25, 1890.

SOLID FACTS

For Those Wanting Insurance.

Which Every Business Man and Property Owner Should Know.

That I represent the oldest Insurance Company in the United States. That this company has paid in losses Sixty-Five Million Dollars since their organization in 1792, now in the hundredth year of their organization. They have a cash capital of Three Million Dollars and cash assets of \$8,731,250.87.

That I represent the very oldest English Company in America, the Commercial Union Assurance Company of London, that has cash assets of \$14,179,317, with about Three Million in trust as special security to its policy holders. This company has paid its policy holders Sixty Million Dollars, and has been in existence 22 years.

The City of London with capital of \$10,000,000.

Sun Insurance Company of California. The combined assets in cash of these companies represent \$33,205,567. The companies that are represented by me pay all losses promptly, not waiting the usual 60 days, nor do they deduct from the amount insured upon grounds of depreciation in value of property insured. With these solid facts before you, I, with confidence, solicit a share of your Insurance business.

Respectfully yours,

ALLEN A. CONVERSE, Insurance Agent.

(Successor to John Tivnen.)

Don't suffer from dyspepsia. Take Simmons Liver Regulator. It always cures.

All kinds of crockery, glassware, hardware and blockmakers' tools sold cheap for cash at Schocken's.

Don't forget the date of the ball of the Native Sons, Monday evening, February 23rd.

Headache, indigestion and all disorders of the Liver, Simmons Liver Regulator surely cures.

A musical and literary entertainment for the benefit of the M. E. church will be given at Union Hall on Friday evening, February 20th. Admission 50 cts.; children half price.

The Native Sons will celebrate Washington's birthday by an entertainment and dance, to be given at Union Hall, Monday evening, February 23rd.

Something new, a real country ball to be given by the Native Sons of this place on the evening of February 23rd. Don't fail to be present if you wish to enjoy yourself.

The Rev. J. C. Robbins of Lincoln will give his interesting lecture, as announced in a previous issue, in the Congregational church on Tuesday evening at 7:30 o'clock. Admission, adults 25 cents, children 10 cents.

Nap. P. Vallejo was married on the 12th inst. at Tacoma, Washington, to Miss Kate Stokes. The ceremony was performed by the Rev. E. Copeland of the Unitarian church. Less than one month ago Mr. Vallejo was divorced in Alameda county from his former wife.

Recently Col. Hooper sent a fine cluster of Sonoma Valley olives to H. M. Leloug, Secretary of the State Board of Horticulture. Mr. Leloug pronounces the olives exceedingly fine and a credit to the productivity of this valley.

The Supervisors have drawn the list of Grand Jurors to serve for the ensuing year. The following were appointed from Sonoma township: H. Appleton, E. A. Burnham, C. C. Champlin, Wm. Green, Robert Howe, J. K. Luttrell and A. V. La Motte.

Now is the time to buy residence lots in Sonoma. If you want a fine lot 50x150, on one of the best residence streets in Sonoma, apply at once to H. H. Granice, real estate agent. These lots are now offered for \$550 each. This is the best offer ever made in this place for residence property.

Cheap for Cash—For sale at Badger's, Agua Caliente—A good express wagon, open buggy, new and second-hand harness, saddles, bridles, halters, etc., stoves. Also furniture, beds and bedding. Best curled hair mattresses made to order. A new bed and mattress for \$5.00. Staple groceries and general merchandise.

On Wednesday last John Valenti, age 8 years, was accidentally shot in the right shoulder with a rifle in the hands of Leo Cominatti. The accident took place in Vallejo's avenue. The wounded boy was attended by Dr. Vance, who extracted the bullet. The exact extent of the injury cannot at present be determined.

During the absence of Mrs. C. D. Haven in Oakland, one day last week, her country residence at Agua Caliente was entered by thieves. A quantity of wearing apparel and provisions were purloined. The robbers effected an entrance through the roof and in their search for money and jewelry ransacked the house from basement to garret.

The lines between the meadow lands bordering Sonoma creek belonging to Senator Jones, Mrs. J. A. Poppe, Meacham, Biller and others are being established by Surveyor Newton Smyth. The reclamation of the Senator Jones tract goes steadily on under the supervision of W. B. Pless. The Senator's son, now a student at Yale, will graduate in a few months, after which he will return to California and with Mr. Pless will assume charge of his father's possessions in this valley, making his home here.

Senator Ragsdale of this county has introduced a bill into the Senate to pay Mrs. Benicia Vallejo of this place, widow of the late General Vallejo, a pension of \$300 per month for two years or until her death. The sum asked for is exceedingly modest when the services rendered by her dead husband are taken into account. Enfeebled with old age and sickness Mrs. Vallejo has been confined to her home for months, and as she is perfectly helpless and almost entirely destitute of ready money, the bill should pass with a little delay as possible.

No cure all or untried remedy will cure as does Simmons Liver Regulator.

JOAQUIN HANSEN.

The Ex-Convict Again Charged with a Heinous Offense.

Joaquin Hansen was arrested last Thursday by Deputy Sheriff Sparks on complaint of J. F. McClemmy for assaulting an 18-year-old boy named Louis Bosques. The prisoner, who is about 35 years of age, and the boy were employed on Mr. McClemmy's ranch near town and the alleged assault took place last Sunday. The examination of Hansen took place yesterday with closed doors before Justice Cheney, who held the prisoner to answer before the Superior Court in the sum of \$5,000 for attempting an infamous crime.

Joaquin Hansen, the prisoner, is an ex-convict. He was discharged from San Quentin about three months ago after serving a sentence of thirteen years for a rape committed in this town. He was born and raised in this valley, his father being a Dane and his mother a Mexican woman. The evidence against him for this latter crime is strong.

Attempt to Rob a Hen Roost.

Last Monday night J. G. Mayer of Vineyard Station heard a disturbance among his chickens and upon going to the chicken house to investigate the cause came suddenly upon two men who were helping themselves to the poultry. The fanciers of other people's fowls upon Mr. Mayer's appearance immediately dropped their plunder and took to their heels, their flight being precipitated by two shots from a double-barrelled shot-gun in the hands of Mr. Mayer. An effort was made to follow the thieves and effect their capture but after tracking them for a mile through grain fields the scent became lost and they succeeded in eluding their pursuers. The footprints of the thieves through the grain field showed that they wore number five or six boots or shoes with high heels.

A Valuable Insect Destroyer.

One of the best and most effective tree and vine washes ever introduced into this valley is the I X L Compound of which Mr. O. B. Shaw, orchardist in the State, is the agent for Sonoma Valley. It prevents midges to trees and vines, stops the blight on pears and apples and destroys all kinds of scale, codling moth, borer, red spider, pear slug and bugs of every kind that are injurious to fruit trees. Heretofore we have been somewhat backward in recommending compounds for the destruction of insects, but the I X L comes so highly recommended and the fact that Mr. Shaw has consented to take the agency is sufficient in our mind of its merits. Try it, and see for yourself.

Olive Picking.

Col. Hooper of Sabre Vista has commenced to gather his olive crop, which is quite heavy this season. The cost of manufacturing the same into olive oil and the price obtained for the article will not justify him in paying more than one cent per pound for picking. Any industrious boy or girl can make from \$1 to \$1.50 per day at the above rate. The Col. informs us that he will give employment to any number of boys and girls during the picking season. He has no accommodations on the ranch for such help and those seeking employment in gathering his olive crop will have to do as the hop gatherers of Sonoma and Mendocino counties. That is to say, live at home.

Narrow Escape from Being Killed.

Friday of last week Harvey Manuel, while at work in his black quarries, located on the Jones place a few miles east of town, fell from the top of a cliff of basalt rock to the dumping grounds below. He fell a distance of over eighty feet. His descent was not perpendicular, but was almost so. He bounded from ledge to ledge, finally landing on the dumps below. It was miraculous that he was not killed, but singular to relate he escaped with only a few cuts and bruises on one of his legs. Evidently Harvey was not born to "shuffla off" in a violent manner, as only a few weeks ago he was thrown from a wagon and escaped with a few minor bruises.

A Private Party.

A pleasant party was given by Mr. and Mrs. Anton Kiser at their home last Saturday night. A most enjoyable time was had by those present. Dancing was commenced at eight o'clock and kept up until midnight when a splendid supper was served to the guests, after which dancing was continued until morning. Quite a number of friends and relatives were invited. Among those present were the following:

Mr. and Mrs. A. Kiser, Mr. and Mrs. P. Kiser, Mr. and Mrs. H. Fisher, Mrs. Manson, Mrs. Buckley.

Misses Josephine Kiser, Josie Fisher, Tillie Kiser, Annie Fisher, Fannie Kiser, Hanser, Cierers and Miss Nelson of San Francisco.

Messrs. Johnny Nifer and F. Herman of San Francisco; W. Kiser and J. Rohrer of Oakland; J. Guilford, F. Miller, N. Kiser, J. Keebler, C. Kiser, A. Kiser, W. He Rohrer, J. Singist, Dams and Infield and many others.

YOUNG AMERICA.
Glen Ellen, Jan. 20, 1891.

Sonoma's World Fair Association.

The Executive Committee of the World's Fair Association of this county met in Santa Rosa last Saturday afternoon. After Rev. Dr. Anderson had explained the objects and purposes of the association, the following permanent officers were chosen:

President, Guy E. Grosse of Santa Rosa.

Vice-Presidents—Wm. Hill of Petaluma; M. K. Cady, Vallejo township; M. C. Meeker, Bodega; B. M. Spencer, Santa Rosa; Adam Crawford, Cloverdale; Mrs. S. T. Allen, Santa Rosa; Mrs. I. G. Wickersham, Petaluma; Mrs. H. H. Granice, Sonoma; Mrs. J. Young, Healdsburg; Mrs. Mary E. Seabury, Bodega.

Secretary—W. C. Kellogg.

Treasurer—J. T. Smith.

The following names were then added to the Executive Committee: R. H. Delafield, Knight's Valley; E. W. Woolsey, Markwest; C. Wightman, Sebastopol; W. L. Dickinson, Rincon Valley; S. H. Shaw, Sonoma; James Shaw, Los Guilecos; Mrs. John Taylor, White Sulphur Springs; Mrs. Capt. Boyes, Sonoma; Mrs. O. Coon, Sebastopol; Mrs. N. Bailhache, Healdsburg; Mrs. W. N. Gladden, Healdsburg; Mrs. J. Bowman, Cloverdale.

It was moved and carried that the clerks of the Boards of Trustees in every district be requested to call a public meeting in their school districts for the purpose of appointing a committee of three ladies and three gentlemen to confer with the Executive Committee.

The association then adjourned to meet again in Santa Rosa on Thursday, February 12th at 10 A. M.

A man who has practiced medicine for 40 years, ought to know what he says; read what he says:

Toledo, O., Jan. 10, 1887.

Messrs. F. J. Cheney & Co., Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of Catarrh that it would not cure, if they would take according to directions.

Yours truly,
L. L. GORRUCH, M. D.
Office, 215 Summit St.

We will give \$100 for any case of Catarrh that cannot be cured with Hall's Catarrh Cure. Taken internally.

EL VERANO ITEMS.

(From Our Special Correspondent.)

James Burns is erecting a comfortable dwelling on his ranch north of here.

Miss C. A. Garrison has returned from Sacramento, where she went to attend the Governor's ball.

Miss Grace Johnson took her departure last Saturday for the Bay City where she intends to visit relatives for a while.

Several shipments of oak and pepperwood have been made from this place lately, and also wine in large quantities.

Mrs. M. Garrison of the Garrison Hotel, left last Thursday for San Francisco in company with her daughter, Mrs. M. Davis of Santa Paula.

Conductor Dolan of the Southern Pacific system has been seriously ill with kidney trouble for several days at his home in Santa Rosa. His place is being filled by conductor Nightingill from some other of the company's divisions.

There are a few improvements noticeable in our burg, among them a new barn erected by photographer Warren and a real "duck" of a chicken house, planned and erected under the supervision of Messrs. Holmes, Mullen and Weaver.

T. B. Holmes and wife intend leaving this place for New London, Connecticut, on or about the first of the coming month. On arrival at his destination Mr. Holmes intends to don his harness again and resume his journalistic pursuits at once.

Station Agent Mullen is sporting a brand new railroad cap with the badge of his office in gold letters on the outside wall. The traveling public have been taking Mike for driver of the Sonoma stage about long enough and he wisely takes this method to prevent such mistakes in the future.

Our young friend Harry Faithful, a late arrival in this section from the metropolis, is causing and having among the affections of the many good looking girls who abound in this village. Harry is at present fastening a pair of "blasted" English side whiskers, which must be seen to be appreciated. We expect it will be our pleasure to chronicle for your pages his nuptials before many months.

Those of our people who had the pleasure of attending the gymnastic exhibition in Sonoma on Saturday evening last were well entertained. One and all pronounced the performance first class in every respect and hope to have an opportunity of witnessing another exhibition by the club before many months. Indeed, those who were present are ceaseless in expressing their wonder and admiration at the pugilistic prowess shown by that rising young Sonoma boxer, Mr. Perry Dunlap. To the experienced eye the doughty "Texas" bids fair to become one of theistic wonders of the age. His graceful pose, his jodging skill and his kangaroo-like activity on that occasion had a strong tendency to mesmerize the spectators and prove to them that he is one of the coming men destined to become famous in the "squared circle." In fact, just now, after pondering over all the great boxers we have ever seen or read about, we have come to the conclusion that "Texas" stands the indisputable champion of Sonoma county, unless Jack Skiffington of Sonoma or Billy Garrison of El Verano may be induced to try conclusions with him. With well wishes, more anon.

Public Installation.

Sonoma Vineyard Council, No. 163, Order of Chosen Friends of this place, held a public installation of officers on Friday evening of last week. The officers installed for the ensuing year were as follows: G. S. Harris, Past Councillor; Mrs. R. H. Stone, Chief Councillor; Wm. E. Cornelius, Vice Councillor; Wm. Stone, Secretary; Mrs. Kate Flynn, Treasurer; Mrs. K. Heydt, Prelate; W. P. Wilson, Marshal; Dr. H. H. Davis, Warden; Mrs. H. Litzius, Guard; Mrs. S. L. Brown, Sentry. The installing officer was H. W. Hutton, Grand Councillor of California. He was ably assisted by the Grand Recorder, Mrs. Annie E. Evans, acting as Grand Marshal, and D. D. G. C. F. A. Janssen and wife of Sebastopol, acting as Grand Guard and Grand Sentry.

After the installation, Grand Councillor Hutton, addressed the visiting public on the principles and benefits of the Order, and stated, among many other things, that out of every dollar paid as assessments, ninety-nine cents were used to pay death claims, and the other one cent was used as a reserve fund to protect the order against any fraudulent claims, thereby proving that the Order of Chosen Friends was worked out on a basis of insurance at actual cost to its members.

At the close of the address, the members and visitors repaired to the Sonoma House, where all partook of a fine repast provided by the members of the council. At 12 o'clock the very pleasant evening's entertainment was brought to a close and all dispersed to their respective homes.

The Greatest Insecticide and Fungicide.

Is scale injuring your trees and disfiguring your fruit?

Is the mildew threatening your grapes and vines?

Is the curl leaf making your trees weak and leafless?

Are your pears and apples wormy and hideous to sight?

Are the blossoms dropping and trees losing their fruit?

Then use for the Destruction and Prevention that wash which can be as effectively applied in summer as in winter, the
